### FAVA - Who We Are

The FAVA is the official student organization of the English Seminar (ES) at the University of Zurich. We are here to make your life as a student of English a little easier and a lot more interesting.

We also take part in the *Institutsversammlung* (the official meeting of the professors and staff representatives) and address issues concerning the whole university.

On this page you will find information on anything related to your studies, the dates of our events and a FAQ sections. Of course we are happy to help with any other concerns you might have.

You think we're doing a great job and want to support us, even take part in our GV? Then don't hesitate to SIGN UP and enjoy the benefits of being an active member for only CHF10 per year.

If you have any questions, please don't hesitate to send an email to → [fava@es.uzh.ch](mailto:fava@es.uzh.ch).
