

Die Beschwörung der Mächte. Überlegungen zur Botschaft der Johannesapokalypse

in: Horizonte neutestamentlicher Christologie, 2002 (WUNT 144), 309–326, = revid. Abdruck von: EvErz 45 (1993) 271–286.

The message of the book of Revelation is outlined in the apocalyptic context of early Christianity. The author devotes particular attention to the definition of the relationship between heaven and earth as the two stages on which the end of time events take place. In conclusion he questions whether Rev does not ultimately fail to overcome the cycle of violence, but glorifies it theologically instead.
